

# powerbright

## product prescriptions for addressing different types of hyperpigmentation.

### sun damage

daily care to help control and protect from UV + environmental damage

#### MORNING REGIMEN

**Special Cleansing Gel:** A concentrated, soap-free, foaming gel designed to thoroughly remove impurities without disturbing the skin's natural moisture balance.

**PowerBright Dark Spot Serum:** An advanced serum that begins to diminish the appearance of uneven pigmentation fast, and keeps working to even skin tone over time.

**PowerBright Moisturizer SPF 50:** A daily SPF moisturizer that helps shield against dark spots and combat oxidative stress caused by pollution.

#### NIGHTTIME REGIMEN

**Daily Superfoliant:** This highly-active powder resurfacer delivers the smoothest skin ever, and helps fight the biochemical and environmental triggers known to accelerate skin aging.

**Phyto-Nature Firming Serum:** Your exposome (environment + lifestyle) adds years to your skin's visible age. Phyto-Nature Firming Serum is clinically proven to give 5 years back. This dual-phase lifting and firming serum restores and preserves the nature of younger-looking skin by reducing the appearance of premature skin aging.

**PowerBright Overnight Cream:** A nourishing nighttime cream that optimizes skin moisture recovery and helps restore luminosity.

### melasma

daily care to help control and prevent further darkening

#### MORNING REGIMEN

**Special Cleansing Gel:** A concentrated, soap-free, foaming gel designed to thoroughly remove impurities without disturbing the skin's natural moisture balance.

**PowerBright Dark Spot Serum:** An advanced serum that begins to diminish the appearance of uneven pigmentation fast, and keeps working to even skin tone over time.

**PowerBright Moisturizer SPF 50:** A daily SPF moisturizer that helps shield against dark spots and combat oxidative stress caused by pollution.

#### NIGHTTIME REGIMEN

**Daily Microfoliant:** This unique daily exfoliant has a brightening complex and microfoliates dulling debris and instantly leaves skin noticeably smoother and brighter.

**Overnight Retinol Repair:** Highly-active, 0.5% microencapsulated Retinol helps increase collagen production and cell turnover while powerful peptides and antioxidant Vitamin C help reduce uneven skin tone and discoloration.

**PowerBright Overnight Cream:** A nourishing nighttime cream that optimizes skin moisture recovery and helps restore luminosity.

## post-inflammatory hyperpigmentation (PIH)

daily care to spot treat and help prevent PIH

### MORNING REGIMEN

**Clearing Skin Wash:** A foaming cleanser that's the perfect start to around-the-clock control of breakouts, comedones and excess surface oils.

**PowerBright Dark Spot Serum:** An advanced serum that begins to diminish the appearance of uneven pigmentation fast, and keeps working to even skin tone over time.

**PowerBright Moisturizer SPF 50:** A daily SPF moisturizer that helps shield against dark spots and combat oxidative stress caused by pollution.

### NIGHTTIME REGIMEN

**Clearing Skin Wash:** A foaming cleanser that's the perfect start to around-the-clock control of breakouts, comedones and excess surface oils.

**AGE Bright Spot Fader:** 2-in-1 spot treatment that reduces the appearance of active breakouts and post-breakout marks

**PowerBright Overnight Cream:** A nourishing nighttime cream that optimizes skin moisture recovery and helps restore luminosity.
