

melting moisture masque

description

An extremely moisturizing masque that elegantly transforms from balm to oil to help restore and nourish dry skin.

key benefits

- **Nourishes** dry, dull skin and helps achieve a smooth, healthy-looking appearance
- **Helps restore** dry skin's lipid barrier
- **Protects** against damaging environmental factors for healthier-looking skin

key ingredients

- **MeltingPoint Complex** helps to restore lipids in the skin's barrier, which helps keep moisture locked in.
- **Plankton Extract** is a micro-algae extract with skin conditioning properties that help strengthen skin's lipid barrier and protect from pollution. These micro-algae help to soothe, comfort and moisturize the skin.
- **Linoleic Acid** (Omega 6) is an essential fatty acid that helps to maintain and restore skin's moisture barrier.
- **Mango Seed Butter** is an essential fatty acid that helps to maintain and restore skin's lipid barrier.
- **Vitamin E** is a powerful antioxidant that helps to neutralize free radicals.

how to use it

Apply a pea-sized amount on face and massage into skin. Leave on. Tissue off excess, if necessary. Use once or twice a week, or as needed.

frequently asked questions

Does this product help with both dry and dehydrated skin?

This is an oil-based product specifically designed to treat dry to very dry skin.

Will the oils in this product clog my client's pores?

This oil-based product is formulated to treat dry to very dry skin and should be used 1-2 times per week. If your client has combination to oily skin, Skin Hydrating Masque is recommended for their skin type.

Is this product safe to use around the eye and lip area?

Yes. This product is safe to use around the eye area and around or over the lips. Please avoid using directly over eyelids.

Is this product best used day or night?

We recommend either nighttime or daytime use, depending on how much dryness your client is experiencing.

Which products should I recommend for use underneath Melting Moisture Masque?

We recommend spritzing with a skin-specific toner before applying Melting Moisture Masque.

In the treatment room: You may apply a professional serum such as Hyaluronic Acid IonActive Serum or UltraCalming Serum Concentrate after toning and before the masque.

At home: Your client may apply a targeted treatment such as Skin Hydrating Booster or UltraCalming Serum Concentrate after toning and before the masque.

Which products can I recommend to layer on top of Melting Moisture Masque?

If your client uses this product during the day, we recommend following with a skin-specific SPF. If they use this product at night, they may apply a skin-specific moisturizer, if necessary. Please follow same recommendations for the treatment room.

Should my client wash this product off?

This product works best as a leave-on to help protect against damaging environmental factors and to help restore dry skin's lipid barrier. If the removal of this product is necessary, we recommend tissueing off excess.

Can my client use this product on other areas where they experience dry skin?

Yes. This product is great to help with dry cuticles or hands, dry/cracked feet, elbows, etc.

Can I use this product in the Deep Treatment module?

This unique leave-on masque delivers the concentrated benefits of a masque but also the long-lasting benefits of a moisturizer, therefore it should only be used in the Dermal Layering module of your professional treatments.

Can I use electrical modalities with this product?

This is an oil-based product and will not conduct electrical current. You may use non-electrical tools or manual massage with this product.
